

Join us at Social Innovation Fast Pitch 2017

Thurlow/Associates is proud to support Social Venture Partners' Fast Pitch program again in 2017. Our Managing Senior Associate, Amber Ginsberg, serves as a Fast Pitch coach.

The Fast Pitch program, formally known as Social Innovation Fast Pitch, coaches high-potential nonprofits to tell their story via a powerful three-minute pitch. It can spark a meaningful change in trajectory for nonprofit leaders and their organizations and – as a result – for the communities they serve.

Many of our clients are alumni of this powerful program. We are proud to announce that, in 2017, representatives of two Thurlow/Associates clients — Blythe Maling of St. Anne's and Elida Ledesma of Arts for Incarcerated Youth Network — were selected as Fast Pitch program participants.

Be inspired by the next generation of social innovators and witness the energy first hand. Join us in attending the Social Innovation Fast Pitch Event and Showcase on Wednesday, March 22nd (5 p.m. doors and reception, 6:00 p.m. program begins). [Tickets on sale now!](#)
