

## Fast Pitch Team Workshops

Are you looking to tune up your organization's messaging? Our friends at Social Venture Partners (SVP) Los Angeles are now offering customized, half-day workshops to help you hone your message and pitch! Available to nonprofits, or cohorts of nonprofits, these fee-for-service workshops can include the participation of your staff, board, coalition members, grantees, and/or others.

SVP Los Angeles also continues to offer its celebrated, 10-week Fast Pitch program (free of cost for selected participants), training nonprofit leaders to communicate their story more powerfully. And through their Fast Pitch experience, participants also gain valuable connections with other leaders — in the business, philanthropic and nonprofit sectors.

Thurlow/Associates' engagement in SVP Los Angeles began several years ago, when Amber Ginsberg, our managing senior associate, became a Fast Pitch coach. More recently, our firm has become a SVP Los Angeles partner, providing training through SVP Los Angeles' Accelerator Program and other support.

For more information on how you can take advantage of SVP Los Angeles' new half-day Fast Pitch team workshops, email Christine at [cmargiotta@svpla.org](mailto:cmargiotta@svpla.org).

*For additional help in creating and implementing an effective communications strategy for your organization, contact us today for a no-cost consultation. You can reach us at (310) 675-6497 or at [hello@thurlowassociates.com](mailto:hello@thurlowassociates.com).*
